Subject: RE: State of Oklahoma's Request to Administer EPA Approved Environmental Programs

We were just talking to our leadership about organizing a group of HQs and Regional people to work on the matter. I'll give Andy a buzz in a few minutes to discuss. I'm sure there will be OECA involvement as well. Thanks.

Subject: State of Oklahoma's Request to Administer EPA Approved Environmental Programs

Good morning Tom, Tod & Tina. Can you please let us know whether there is a role for OITA and OECA in the response to Oklahoma's request. Also, in the on-going discussions regarding the current regulatory and compliance status of facilities in areas covered by the McGirt decision. Thank you.
